

Download Human Genetics For The Social Sciences Advanced Psychology Text Series

From foundational science to new and novel research, discover our large collection of Physical Sciences and Engineering publications, covering a range of disciplines, from the theoretical to the applied. Psychology is the science of behavior and mind, including conscious and unconscious phenomena, as well as feeling and thought. It is an academic discipline of immense scope and diverse interests that, when taken together, seek an understanding of the emergent properties of brains, and all the variety of epiphenomena they manifest. As a social science it aims to understand individuals and groups ... Providing researchers with access to millions of scientific documents from journals, books, series, protocols, reference works and proceedings. Human Aggression and Violence: Causes, Manifestations, and Consequences (The Herzliya Series on Personality and Social Psychology) 1st Edition
